Paul:

Could you please tell me either the date that the Pershing Square Task Force ordinance was created so I can pull it (the ordinance itself) from the City Clerk, or simply provide me with a PDF yourself?

Cheers,

Richard Schave

This was done by our office by coordinating with the departments (LAPD, City Attorney; GSD, Rec and Parks), and not through a council motion. It was formed over a month ago. An update was provided to the Pershing Square Park advisory board last month and regular updates will continue. Please follow up with Sara if you need more details.
